No.: 7029/93

Excellency,

I have the honour to inform you that the Czech Republic is interested in the membership in the Conference on Disarmament.

The Czech Republic, as one of the successors to the Czech and Slovak Federal Republic, which participated in the deliberations of the Geneva negotiating body from its very beginning, continues to attach great importance to the work of the Conference on Disarmament. It has the required expertise in the questions under consideration. Its experts participate in the Group of Scientific Experts dealing with the seismic means of verification of the future Nuclear Test Ban and they follow closely discussion on other agenda items.

I shall be most grateful if you could have this letter circulated among the members of the Conference.

Please accept, Excellency, the assurances of my highest consideration.
