Urgent measures for the prevention of nuclear war and for  
nuclear disarmament

The General Assembly,

Reaffirming the recommendations and decisions of its First Special Session devoted to Disarmament,

Noting with deep concern that despite efforts to attain the objectives agreed upon at the First Special Session, the international situation has continued to deteriorate and there has been a severe intensification of the arms race, particularly in its nuclear aspect,

Convinced that the arms race is incompatible with the search for economic and social development and the achievement of the New International Economic Order,

Alarmed at the growing danger of the outbreak of nuclear war which would have devastating consequences for all mankind and which therefore necessitates the adoption of urgent measures to prevent such a nuclear war,

Taking note of the relevant unilateral declarations made by nuclear-weapon States in this regard,

Conscious of the growing popular movements throughout the world against the testing, production, stockpiling, deployment and use of nuclear weapons,

Recognizing the right of each State to security and the need to maintain undiminished security of all States at each stage in the process of disarmament,

Convinced that real and lasting peace can only be ensured through strict observance of the principles and purposes of the Charter of the United Nations and through the effective implementation of the security system provided therein,

Emphasizing the need to establish a world order free from the use or threat of use of force against the sovereignty and territorial integrity of States, military intervention, occupation, annexation, interference in the internal affairs of States and denial of the inalienable rights to self-determination and independence of peoples and nations under colonial and alien domination in flagrant violation of the United Nations Charter,

Determined to continue negotiations on a Comprehensive Programme of Disarmament for adoption at the earliest possible time by the General Assembly as a step towards the eventual conclusion of a treaty on General and Complete Disarmament under effective international control,

Reaffirming the commitment of States to pursue efforts for the achievement of General and Complete Disarmament and to that end, to initiate new and intensify ongoing negotiations in the bilateral, regional and multilateral context, in accordance with the fundamental goals, priorities, and procedures laid down in the Final Document of the First Special Session devoted to Disarmament,

(1) Calls upon States to undertake the following urgent measures for the prevention of nuclear war and for nuclear disarmament:

- (i) A Convention on the complete prohibition of the use or threat of use of nuclear weapons;
- (ii) Cessation of the testing of nuclear weapons pending the conclusion of a treaty banning the testing of nuclear weapons;
- (iii) A complete freeze on the development, production and deployment of nuclear weapons and their means of delivery along with a cut-off in the production of fissionable materials for weapons purposes.

(2) Decides to keep the progress in the implementation of these measures under review.
