Inputs by the Permanent Mission of the Kyrgyz Republic to the United Nations to the report of UNSG pursuant to resolution 77/52 on “United Nations study on disarmament and non-proliferation education”

Acknowledging the importance of education as a tool for peace, security, disarmament and non-proliferation, the General Assembly by the initiative of the Kyrgyz Republic adopted resolution 77/51 “International Day for Disarmament and Non-Proliferation Awareness”, which decided to proclaim 5 March as the International Day for Disarmament and Non-Proliferation Awareness.

This resolution also invites all Member States, the organizations of the United Nations system, civil society, academia, the media and individuals to commemorate the International Day in an appropriate manner, including through all means of educational and public awareness-raising activities.
