SUBJECT: Open-ended working group on conventional ammunition

The Office for Disarmament Affairs presents its compliments to the Permanent Missions to the United Nations and has the honour to draw their attention to the note verbale (hereto attached) from the Permanent Mission of Germany to the United Nations, recalling Germany's longstanding commitment and efforts to facilitate progress on the topic of safe and secure management of conventional ammunition and expressing interest in chairing the open-ended working group established pursuant to General Assembly resolution 76/233 to elaborate a set of political commitments as a new global framework that will address existing gaps in through-life ammunition management.

The Office for Disarmament Affairs avails itself of this opportunity to renew to the Permanent Missions to the United Nations the assurances of its highest consideration.
