

***Permanent Mission of Lebanon
to the United Nations***

Ref: 38/24

The Permanent Mission of Lebanon to the United Nations presents its compliments to the Office of Disarmament Affairs and in reference to its verbal note number ODA/2023-00042/ICT-Mapping Exercise dated 02 October 2023, has the honor to inform that the Lebanese Ministries relying on information and communications technologies, have not benefited from capacity building programs. However, there is crucial need to develop the capabilities of national agencies and specialists in the field of ICTs' security and use, notably cybersecurity, in both technical and material aspects. Therefore, receiving training programs that include practical applied expertise and material sharing in the field of ICTs' security and use would be welcomed.

The Permanent Mission of Lebanon to the United Nations avails itself of this opportunity to renew to the Office of Disarmament Affairs the assurances of its highest consideration.
